

# WHITE LABEL SOLUTIONS

As clients look to buy an ever-expanding mix of services while at the same time rationalizing their vendor base, it becomes more important to provide them with a Single-Source Solutions package to meet their technology needs.

*EnTelegent is the “Go-To” Partner for MSPs looking to fulfill customers’ requirements without investing in every facet of the solution stack. We complement and supplement your existing solutions to ensure your clients can access all their technology needs through you and your team.*

## COMPREHENSIVE PORTFOLIO

With Managed Services, Network Services, EnVision Life Cycle Management, Mobile Device Support Services, and more, EnTelegent Solutions is your one-stop-shop for single to full-stack White Label Business Solutions - both in the US and over 160 countries worldwide.

## MSP & PARTNER- FRIENDLY PROGRAM

Unlike individual providers that offer White Labeling for their unique, stand alone solutions, EnTelegent coordinates and administers a comprehensive set of solutions for you, tailored to your Clients needs. We do all the heavy lifting for you.

## DETAILED PROGRAM PROCESS

EnTelegent Solutions’ robust White Label Program ensures you receive everything you need to succeed. From White Labeled Marketing Collateral, Secure Web Portal Invoicing, Quote Documents, Service Order Forms and more, we have all the details covered.
