Technology Advisor Finds Sweet Success as an MSP with EnTelegent Solutions' White Label Program

01

Challenge

A Technology Advisor wanted to become an MSP but faced challenges building necessary services under his brand.

02

Solution

- EnTelegent Solutions' White Label Program offered complete service functionality with minimal investment and wait time.
- The Partner turned MSP signed the contract, provided a logo and a few details, and received a custom-branded package including a secure web portal, business document templates, and marketing collateral for a turnkey experience.

03

Result

- EnTelegent's White Label program saved the new MSP time and money and allowed him to start closing deals quickly.
- The MSP now resells and bills to smaller MSPs and end-users and successfully bundles solutions for retail and franchise groups.

04

Feedback

"Everything I wanted to develop, EnTelegent Solutions already had in place."

- EnTelegent White Label MSP, Midwest
